

Our Mission

Wyoming Lottery Corporation

“Our mission is to generate revenue to benefit the people of Wyoming by providing lottery games with entertainment value and integrity.”

The Wyoming Lottery Corporation is one of the state's most successful organizations and has been recognized as a national leader in the gaming industry. Since launching in 2014, the Lottery has grown from two products to six and transferred over \$26 million back to the state of Wyoming. We care about our mission and are dedicated to it as an organization, and we demonstrated this through paying off our start-up loan early, transferring money back to Wyoming, and initiating a responsible gambling coalition.

This was all made possible by creating a portfolio that is interesting to our players and provides low-cost entertainment. Below is a timeline of when each game was launched and a history of achievements that demonstrate our commitment to our mission. For details about the games, please visit our game pages on our website.

Transfers to Wyoming

WyoLotto was formed as a new revenue stream for the state. Since launch, we've dispersed millions of dollars in unrestricted funds to our own cities, towns, and counties to spend as they choose, on whatever matters most. For the most up-to-date information on quarterly transfers to Wyoming, please visit our Giving Back page on our website.

Responsible Gambling

WyoLotto cares deeply about our players and encourages them to play responsibly. We worked with the Wyoming Department of Health to develop the Wyoming Responsible Gambling Coalition in 2016, and remain committed to these efforts and our players.
